2. Click on *Download Now*
3. Install the application!
4. Transfer all of your previous LOS files

## What About Features?

LoanAce give you everything you would need in a LOS and more. It is easy to use and with all of the necessary disclosures and forms to process a loan.

Find out why thousands of mortgage professionals have made LoanAce their preferred LOS. Why continue to pay for loan origination software when you can get everything you need for free?

## How can the best value LOS be free?

We generate revenue by connecting you with the third-party services you already use.

Users are given the option to use integrated electronic title/escrow and hazard insurance ordering.

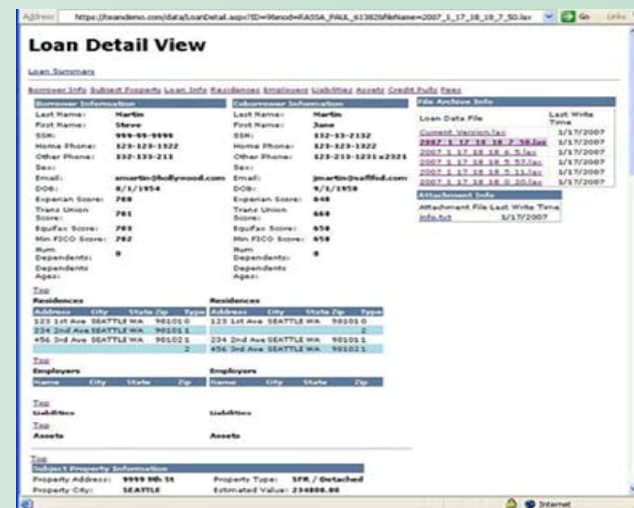

## Broker-owners / Managers

# LoanAceTEAM™

LoanAce TEAM™ provides broker/owners and managers with a Managers' View of the entire company pipeline. In addition, you will be able to:

- ✓ View a real-time summary of every loan
- ✓ Audit files prior to funding
- ✓ Archive a digital copy of all documents related to each file. Accessible anytime online.
- ✓ Identify trends and forecast monthly revenue
- ✓ Track productivity & average loan volume
- ✓ View every saved version of a file

TEAM has all the tools a manager needs to ensure compliance while managing productivity and volume.
